This product is formulated with a special blend of eco-friendly agents to deliver powerful spot and stain removal results on carpet and wet cleanable upholstery. Green-Line Spotter meets or exceeds the environmental choice criteria for green cleaning in today's world.

# Chemspec Stainshield Professional

An Advanced Carpet Protector, that is stain repellent, soil retardant, non-toxic, and non-flammable in a water based concentrate.

## A Perfect Time To Protect Your Investment

If your carpet, upholstery or draperies have just been cleaned, or are brand new, right now is the best time to treat them with Stainshield Pro. After application, regular vacuuming and quick attention to spots & spills will keep your home looking cleaner longer.

## Stainshield Pro Repels Spills, Stains & Soil

Stainshield Pro forms a durable, microscopic barrier around each fiber to lock out dirt, grime, water and oil-based liquids. Spills on your furniture immediately bead-up and can be blotted away quickly without a trace. Soil and dust on your carpet can be removed simply by vacuuming.

## The Stainshield Pro Advantages Checklist

- ✓ Environmentally safe. Non-toxic, non-allergenic, invisible and odorless when dry. Safe for pets too.
- ✓ Protects from food & drink "accidents".
- ✓ Won't change the feel, color or breathability of your fabrics.
- ✓ Extends the life of your furnishings and carpet.
- ✓ Prevents dirt, dust and grime from becoming "ground-in".
- ✓ Makes clean-up faster and easier.
- ✓ Repels oil, water and dirt.

## Easy Care Tips For Our Customers:

- **Clean up spills immediately.** Spots are like glue...the longer you wait the harder it gets.
- **Blot, don't rub.** Use a clean, white absorbent cloth, Rubbing may distort the fibers and result in a stain.
- **Pre-test spot removers.** Dab first on a hidden area of carpet or fabric with a white cloth, If the cloth picks up any color, do not use the spot remover.
- **Apply spot remover to cloth first, then blot spot.** Repeat as needed until spot is removed.
- **Rinse & blot dry.** Wet cloth with clear water and dab on area to remove any spot remover residue. Blot dry with a clean cloth.

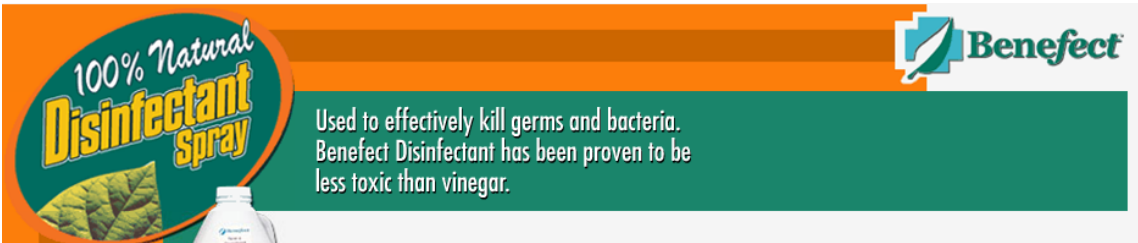

## Only Professionals Apply Stainshield Pro

Your Stainshield Pro licensed applicator is a dedicated professional who:

- Maintains the highest professional standards of workmanship and service.
- Does everything possible to offer you the quality, dependability and competent service you deserve.
- Regularly attends industry workshops & seminars to learn more about the latest innovations in the industry to better meet your needs.
- Uses only the finest quality professional cleaning products and equipment.
- Promises to conduct business with honesty and integrity.

## What Is Benefect™ ?

NEW Benefect™ is the first & only 100% natural disinfectant. It is made from biodegradable, renewable, botanically pure plant extracts with pleasant aromatherapeutic vapours.
